

SMHOA Meeting Minutes
Feb 21, 2008

Attendees: Elise, Gary, Scott, Joanna, Ken, and Maryann

Minutes from previous meeting were approved.

Old Adobe School Road Fence - vandalism

The fence is becoming an eyesore. Gary spoke with both schools on either side of the fence, the elementary school and the junior high school.

Neither school has students coming in either direction across the fence.

The fence was originally installed to stop children from crossing Highland at places other than the cross walk, but no longer serves a purpose.

It would be best to remove the fence, which is broken and vandalized in places.

Encroachment

Maryann, visiting resident, shared her recent experience with easement concerns.

Ken provided an update from the latest city council meeting

City council is currently negotiating with residents on an individual case by case basis.

Recreation Survey

Attendees were reminded to complete the Draper Parks and Trails Recreation Survey.

Annual meeting

Discussed holding the meeting on May 14 at City Hall.

Need to confirm a free room with City council.

Need to encourage neighborhood to attend with a postcard and teasers on the postcard, i.e. past & present projects, amphitheater update, TRAX, trails, encroachment, Canyon Watch, etc.

Would like to use the same postcard design and picture as before - the flyer off Point of the Mountain.

SMHOA Website

Scott volunteered to take over maintenance of the website.

Send ideas to Scott. Discussed making the website more robust to encourage visitors.

Adding calendar, social events, lost & found, discussion boards, etc.

Roundabout Landscaping

Realignment of roundabout at Rambling Rd & Mike Weir Dr. has been put on hold by city council.

Will wait on landscaping ideas until road is re-aligned.

The Sign

Now has both wind and solar power.

Amphitheater Update

Ken provided an update from the latest city council meeting.

City council is reviewing bids.
