

Board Minutes for July 16, 2009

1. Visited about ongoing problems at the home located on 13739 Tom Shoemaker Road. These include wild parties, unsightly yard and too many cars parked in the street. Bob Lyksett has been working with surrounding neighbors and City of Draper on the problem.
2. Scott Openshaw is taking pictures of all monument signs to update the information that is on the signs. So we can eliminate some information already on the signs and replace with Draper Temple, New Trail Head and other updates that are needed.
3. We finally have a sign lit on the corner of Vestry and Highland Drive by the swimming pool.
4. There will be no Board Meeting on August 20, 2009.
5. The Board authorized \$250.00 for rent through January 2010 for our meeting room at Draper City Hall.
6. We got our first electric bill for the sign at the swimming pool for June in the amount of \$3.91 and we now have received July's bill in the amount of \$12.23. This is automatically deducted from our checking account.
7. We also discussed the need to reorganize the Board and elect new Board Members and Committee Members at our meeting in September.

Meeting adjourned at 8:00 P.M.
